Web Developer

Mumbai, India | +91 98212 16506 | bhaviktank5@gmail.com | [GitHub](#) | [Portfolio](#) | [LinkedIn](#)

SUMMARY

Web Developer with 4+ years of experience building and maintaining WordPress, React, and Next.js websites. Skilled in custom plugin development, e-commerce sites, CRM applications, and performance and SEO optimization. Experienced across the full website lifecycle from development through deployment and monitoring.

EXPERIENCE

Zype, Mumbai — WordPress Developer

July 2024 – Present

- Developed reusable WordPress components using custom plugins, Custom Post Types (CPT), and Advanced Custom Fields (ACF).
- Implemented dynamic, data-driven UI elements, including financial tables managed through the WordPress dashboard with custom code.
- Built scalable, plugin-based solutions for layout control and personalized content delivery.
- Optimized WordPress website performance and responsiveness using Elementor and Elementor Pro.
- Managed source control using Git and GitHub for efficient collaboration and version tracking.
- Monitored organic traffic trends, indexing status, and search performance using Google Search Console and Google Analytics to identify issues and optimization opportunities.

Acture Media, Mumbai — Web Developer

May 2023 – June 2024

- Developed and delivered over 15 websites and 4 e-commerce sites using HTML, CSS, JavaScript, and WordPress, including [Acture Media](#), [Utsavaa](#), [Aaylixir](#), [Vistruti](#), and [Culinary Craft](#).
- Handled the complete website lifecycle from initiation to deployment, including setup, configuration, integration, maintenance, and performance monitoring for clients.
- Developed and maintained websites using multiple page builders, including Gutenberg, Elementor, and WPBakery, delivering responsive and visually appealing designs.
- Deployed websites on hosting platforms such as Hostinger (Shared and VPS), SiteGround, and GoDaddy, ensuring proper DNS setup and optimized server configurations.
- Set up Google Search Console (GSC) and Google Analytics (GA) accounts for clients to enable performance tracking and SEO insights.
- Integrated Cloudflare for enhanced website security, CDN caching, and DNS management.
- Created professional business emails and configured domain-level email routing for clients across platforms.

Vivaan InfoSystem, Mumbai — Web Developer

June 2022 – April 2023

- Created a subscription-based comic website using Next.js, populating content via API in multiple languages and managing state with Redux.
- Developed a Customer Relationship Management (CRM) web application using HTML, CSS, JavaScript, jQuery, and Bootstrap.
- Built a CRM mobile app in React Native, integrating WebView for graph rendering.
